Introduction

The primary objective of internal audit is to review, appraise and report upon the adequacy of internal control systems operating throughout the council. To achieve this SALC adopt a predominantly systems-based approach to audit.

The council's internal control system comprises the whole network of systems established within the council to provide reasonable assurance that the council's objectives will be achieved, with reference to:

- the effectiveness of operations
- the economic and efficient use of resources

- compliance with applicable policies, procedures, laws and regulations
- the safeguarding of assets and interests from losses of all kinds, including those arising from fraud, irregularity and corruption
- the integrity and reliability of information, accounts and data

Methodology

When conducting the audit, the internal auditor may:

- carry out a selective assessment of compliance with relevant procedures and controls expected to be in operation during the financial year in order to be able to complete the Annual Internal Audit Report 2020/21 of the Annual Governance and Accountability Return (AGAR)
- review the reliability and integrity of financial information and the means used to identify, measure, classify and report such information
- review the means of safeguarding assets and, as appropriate, verify the existence of such assets
- appraise the economy and efficiency with which resources are employed, identify opportunities to improve performance and recommend solutions to problems
- review the established systems to ensure compliance with those policies, procedures, laws and regulations which could have a significant impact on operations, and determine whether the council complies
- review the operations and activities to ascertain whether results are consistent with objectives and whether they are being carried out as planned

Section 1 – proper bookkeeping		
The internal auditor will look at the methods and processes used to manage the council’s accounts and in particular that it provides clear data for reporting and monitoring purposes. This includes checking information is accurate, kept up to date, referenced and verified.

The RFO has ensured that the cashbook is the focus for day-to-day accounting and is aware that the balancing off and reconciliation to the bank statement remains the most important control over the accounting system. The accounting records were spot checked – they are well maintained, referenced the manner in which the payment was made and identified expenditure and income at any given point.
<i>Is the cash book up to date and regularly verified?</i>	Yes	
<i>Is the arithmetic correct?</i>	Yes

Section 4 – Risk management

² Localism Act

³ Section 137 of the Local Government Act 1972 (“the 1972 Act”) enables local councils to spend a limited amount of money for purposes for which they have no other specific statutory expenditure. The basic power is for a local council to spend money (subject to the statutory limit – of £8.12 per elector) on purposes for the direct benefit of its area, or part of its area, or all or some of its inhabitants.

The internal auditor will expect to find evidence of the management of risks from identification of what those are for each individual Council through to how these will be managed and the controls in place to mitigate these and that these have been approved by the Council.		
Evidence		Internal auditor commentary
<i>Is there evidence of risk assessment documentation?</i>	Yes	The risk assessment documentation, as reviewed in December 2020, and as submitted for Internal Audit, provides details of the risks associated with the functioning of a smaller authority and the measures that the Council will undertake to mitigate such risks.
<i>Is there evidence that risks are being identified and managed?</i>	Yes	Council is aware that risk assessment needs to focus on the safety of the parish council's assets and in particular its money. There is evidence that the parish council has taken action to identify and assess those risks and has considered what actions or decisions it needs to take during the year to manage in order to avoid financial or reputational consequences.
<i>Does the Council have appropriate and adequate insurance cover in place for employment, public liability and fidelity guarantee and has been reviewed on an annual basis?</i>	Yes	Council has insurance in place under a Parish Protect Policy which shows core cover for the following: Public liability: £10m; Public/Products Liability: £10m; Business Interruption: £5k, and Fidelity Guarantee of £25k. The level of Fidelity Guarantee is within the recommended guidelines which provides that the cover should be at least the sum of the year-end balances plus 50% of the precept/grants. At the meeting of 5 th December 2020, in accordance with Council's own Financial Regulations, the minutes evidence that Council formally reviewed its insurance document and that it satisfied itself that insurances were adequate and that having identified, assessed and recorded the risks, appropriate measures, such as the appropriate use of insurance cover, have been taken to mitigate and manage the risk.
<i>Evidence that internal controls are documented and regularly reviewed⁴</i>	Yes	In accordance with the Accounts and Audit Regulations 2015, Council reviewed the effectiveness of the system of internal control at its meeting of

<p>Additional comments: <i>Council's Risk Management Strategy provides a clear statement on the Council's mitigation measures for the implementation of its risk strategy and ensures that Council manages risk in accordance with best practice taking into account legislative requirements prevalent at the time. Council has understood that in reviewing the terms of reference and effectiveness for internal audit, it has followed guidance and demonstrated that it recognises that the function of internal audit is to test and report to the authority on whether its system of internal control is adequate. Such a review forms part of the minutes and be carried out on an annual basis.</i></p>

The minutes of 20th March 2021 show that agreement was forthcoming for the Chair and Clerk to review the level of Council's current general reserves.</p> <p><i>Comment: Council should be aware of the guidance as issued by Proper Practices which states that it is regarded as acceptable for a council's general (non-earmarked revenue) reserves to be equal to 3 to 12 months of Net Revenue Expenditure and should ensure that the level of general reserves adopted is in accordance with its General Reserve Policy. There is no upper limit for Earmarked Reserves, but they should be held for genuine and intended purposes and their level subject to regular review and justification (at least annually).</i></p>
<p>Additional comments:</p> <p><i>Budget: Council would have shown good practice if the following recommended key stages as to the budgetary process were followed for the year</i></p> <ul style="list-style-type: none"> • <i>decide the form and level of detail of the budget;</i> • <i>review the current year budget and spending;</i> • <i>determine the cost of spending plans;</i> • <i>assess levels of income;</i> • <i>bring together spending and income plans;</i> • <i>provide for contingencies and consider the need for reserves;</i> • <i>approve the budget;</i> • <i>confirm the precept or rates and special levies; and</i> • <i>review progress against the budget regularly throughout the year.</i> <p>Reserves: Council should note guidance as issued under the Practitioners Guide 2020 which states that an authority needs to have regards to the need to put in place a General Reserve Policy with explanations as to the high level of general reserves being held and to have evidenced that it has reviewed the level and purpose of all Earmarked Reserves.</p>
